

Spring 2011

Welcome

Spring is in the air at last!

the weather is warming up and its even staying lighter for longer in the evenings so it's time to start thinking about a new season and a new you!!! Our new collections have arrived in store with some fresh new looks, a bright colour palette to warm up any dull day at prices that will banish the winter blues.

On the topic of prices we have tried to minimise the impact of the dreaded VAT increase, so hopefully you will see little or no effect on our prices. We have

tried our best as always to be competitively priced. We offer great value and hopefully something a little different from the high street. Our stock is handpicked and we limit the amount we hold in each range in order to offer a certain amount of exclusivity without the price tag. We regularly top up with new stock throughout the season, giving a real excuse to visit us again. Why not bring a friend and make a morning of it, there are several places in the village to have coffee, cake and chat or treat yourselves to a beauty treatment in the best beauty salons Lingfield has to offer.

We are always happy for you to browse and enjoy the relaxed and friendly shopping experience at Suitables. We have now been operating our customer loyalty scheme since the summer and a great deal of our customers have reaped the benefits of the £15 gift voucher they have earned to either treat themselves or to ease the festive shopping list. Ask in store for more details on the scheme.

This issue is packed with news from the shop and ideas for the new season, whether you are look-

ing for the perfect prom shoe, attending an awards do, dancing the light fantastic or being the mother of the bride we have some fabulous new brands, styles and colours to choose from.

As a bridal foot wear specialist we couldn't not mention the impending nuptials of the royal couple Prince William and Kate Middleton so check out our feature entitled 'a Royal Affaire' to get some ideas.

It's all about clogs...No not the tulips from Amsterdam type clogs but some great variations from peep toes to sling backs. The clog is this seasons must have footwear.

We look forward to seeing you soon!

Best wishes

Hot to Trot!

Clogs just got clever...

traditionally worn as protective footwear in factories and heavy industry they have undertaken a transformation and now take the spotlight as this seasons 'must have' fashion footwear. Clogs now come in all different styles for that superb casual look. From the traditional closed

toe to peep toe and sling back, they are quite simply very easy to wear whilst still looking very stylish.

Top Style Tip...

Team chunky clogs with a cute floral dress to offset the contrasting styles. Heeled versions are set to be the key clog trend for the season.

If you look after your jewellery it will last so much longer
